## DETAILED ACTION

### *Response to Amendment*

In response to the amendment filed May 16, 2005 in which the applicant's amend claims 1-4, 22-25, 43, 48, 53, 58 and claims 2-62 are pending in this application.

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Adam H. Masia Reg. No. 35,602 on June 6, 2005.

The application has been amended as follows:

Please add to the specification on page 1, line 6 after the date November 13, 2001, --now patent 6,726,427--

### *Reasons for Allowance*

The following is an examiner's statement of reasons for allowance: The prior art does not disclose nor teach according to claims 1, 22, 43, 48, 53, and 58 of enabling the player to input a single point value applicable to all of the player's hands, where the inputted single point value is used to determine if the point value of each of the player's hands satisfies a predefined relation to the inputted single point value in combination with the rest of the claimed limitations. The closest prior art Sines et al discloses a player playing a plurality of hand against one dealer hand, the dealer dealing the

designated number of cards to each of the players plurality of hands, and the player determining a point value for each of the player's hand but does not disclose enabling a player to input a single point value applicable to all of the player's hands, where the inputted single point value is used to determine if the point value of each of the player's hands satisfies a predefined relation to the inputted single point value in combination with the rest of the claimed limitations.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
